NCCR Stinger Truck Systems

Built to Work

The NorCal Rear Stinger is engineered to safely handle commercial containers from 2 to 10 cubic yards with unmatched efficiency. Utilizing a proven forklift mast design, the system lifts, rotates, and dumps containers directly into a roll-off box or disposal site without the operator ever leaving the cab. Also ideal for servicing dumpsters.

Container Handling

- 6k or 10k Mast
- 1 or 2 Can Length
- Extended Lift
- 360° Rotation
- Direct Dump
- Full Slide Design
- Balanced Weight

Hydraulics & Controls
